Packaging Compliance Statement

To Whom It May Concern,

We confirm that our products are supplied using packaging purchased from approved suppliers.

Although we do not manufacture the packaging ourselves, we require our suppliers to provide packaging that complies with applicable UK legislation and, where relevant, applicable EU packaging requirements.

We operate procedures to ensure that:

- Packaging is sourced from reputable suppliers.
- Packaging information is maintained to support our legal reporting obligations.
- We comply with our obligations under the applicable UK Packaging Producer Responsibility legislation.
- Where products are supplied to the European Union, we work with our suppliers to ensure the packaging supports applicable EU packaging requirements.

Supporting documentation relating to the packaging materials used is obtained from our suppliers and can be made available where appropriate.

Should you require any additional information regarding the packaging used for our products, please contact us or scan the QR code on our finished product packaging.

Yours faithfully,

Melanie Jenkins

Health & Safety, Environmental and Training Coordinator
